

THOSE IN FAVOR OF BETTER ROADS

The Advocates of Improved
Highways in Session
in Chicago.

TO BENEFIT FARMERS

National Association for Coun-
try Road Improvements
Will Be Launched.

MAY BE MADE INTERNATIONAL

Chicago, Nov. 20.—Every farmer in the United States who has cursed the bad roads which wasted half his labor in hauling his grain to market may have cause some day in the future to bless the gathering of good roads enthusiasts which met at Central Music Hall in this city yesterday. The farmers' benefit was the main consideration there, but for the sake of every business man and every consumer of farm products in the whole breadth and length of the United States the cause of the road improvement was advocated by the men who had assembled.

It is certain that a national association for road improvement will be launched and plans formulated for an active campaign, both educative and legislative, on a thoroughly comprehensive scale. A committee on the permanent organization of a national good roads association, to unite the efforts of all of the local and interstate associations now in existence, was ordered today.

May Be International.
Not only will the national association be considered, but also an international association, a thing which two of the prominent leaders of the good roads movement in Canada who were present were inclined to urge eagerly. Among other things which will be done before the convention adjourns are:

The passage of a resolution urging Secretary of Agriculture Wilson to try to procure an appropriation from congress of \$100,000 for the government bureau of the road inquiry.

The formulation of bills which can be presented to the various state legislatures by the passage of which state aid will be given to the local road building.

The appointment of committees to lobby for the good roads legislation at Washington and at state capitals.

Other projects which will be debated and probably decided by passage of favorable resolutions are:

The construction of a national highway from the Atlantic to the Pacific.
The recommendation that convict labor be employed on road building, and especially that tramps and vagrants be given a chance to work out their penalties on the rural roads.

DISCUSS REDUCTION OF THE WAR TAX

House Committee on Ways and Means
in Session Behind Closed Doors
in Washington Today.

Washington, Nov. 20.—The republican members of the house ways and means committee met this morning to consider legislation for the coming season. The question of reducing the war tax will occupy the greater part of their time. Those present were Chairman Payne, Hopkins, Daltzell, McCall, Tawney, Grosvenor and Steele. The absentees were Long, Russel and Dooliver. The latter has notified Mr. Payne that he will not sit with the committee this year. His appointment to the senate taking him to the other side of the capital. The meeting of the committee was behind closed doors.

AN OLD KENOSHA NEWSPAPER SOLD

Chicago Men Purchase Gazette, and
Editor Culley Retires, After
Forty-five Years' Service.

Kenosha, Wis., Nov. 20.—F. C. Culley, for the past ten years the owner of the Daily and Weekly Gazette here, sold out his interests today to W. G. and A. Y. Hartman of Chicago. The new owners took possession at once. The Gazette will be continued as a democratic paper. The sale of the paper marks the retirement of Mr. Culley, who was one of the best known editors in Wisconsin. With the exception of two years in the army he has been in the newspaper business for forty-five years. He has been an editor for a little over thirty-three years. His editorial writings have often caused him trouble and at one time he was found guilty of criminal libel.

VANDERBILTS GET NEW ROADS

New York Central to Absorb the Erie
and Wabash Systems.

New York, Nov. 20.—By a high English financial authority, closely in touch with American railway affairs, it was reported today that plans are maturing for the absorption of the Erie and Wabash systems by the New York Central. William K. Vanderbilt has been quietly buying Erie in the open market and has also been gathering up Pennsylvania. Whether the New York Central is to acquire the Erie by purchase or by lease is not yet known. One of these two methods has been adopted. Plans are so well matured that public announcement may be expected within a fortnight. For a long time the acquisition of the Wabash has been under consideration by the Vanderbilts. The chief obstacle has been the disinclination of the Vanderbilts to take over the lines west of the Mississippi, but negotiations are now pending for turning over the Wabash lines between the Mississippi and Kansas City to the Atchison system. The Atchison has lines out of Chicago to Kansas City, but not to St. Louis. St. Louis was lost when the St. Louis & San Francisco railway was taken out of the Atchison system. By acquiring the Wabash lines west of the Mississippi the Atchison will again have St. Louis on its map. The New York Central, according to present plans, will take over the Wabash lines east of the Mississippi.

AN ELEPHANT IS BORN IN WISCONSIN

Baby Weighs 300 Pounds and is Able
to Walk When Two Hours
Old—Mother Would Kill It.

Baraboo, Wis., Nov. 20.—The birth of a baby elephant at the winter quarters of the Ringling Bros.' circus in this city yesterday morning created quite a stir among the employes and townspeople. It is the first elephant born in the United States. The mother, "Alice," has been owned by the Ringlings for six years.

When the keeper first discovered the little fellow its mother was trying to kill it, and he had a hard struggle to get it out of harm's way, as the other twenty-four elephants tried to take a hand in the skirmish. It is thirty-two inches high, three and one half feet long and its trunk is fourteen inches long.

Within two hours after the baby elephant's birth it could walk and played about like a kitten. It is perfect in form and covered with long hair, which it will shed when it is a year old. A cow has been purchased and the little elephant will be raised on a bottle.

TRAMP KILLED IN A WRECK.

Cars Plunge Into Deep Ditch on Spokane
Falls & Northern.

Spokane, Wash., Nov. 20.—A fatal wreck took place on the Spokane Falls & Northern railway at 4 p. m. yesterday, two miles south of Dragon station. One man was killed and two others sustained serious injuries. The train, the regular south-bound freight, consisted of eight cars and a caboose. Rails spread because of snow and rain under the ties and four cars were thrown from the track down a steep grade. The engine and tender were left on top of the grade, also four other cars. The cars which were ditched were loaded with lime. In one of the cars were seven tramps. John Klein, one of the tramps, was caught beneath a pile of wreckage and crushed to death. Several others were pinned down by debris. Patrick Welch and Richard Hocking were dragged out later by the trainmen, who had escaped injury. Welch's collar bone was broken and his neck and shoulders were severely bruised. Hocking's right arm was broken in two places.

MORMONS INVADE KENOSHA.

Latter-Day Saints to Have a Church in
Wisconsin Town.

Kenosha, Wis., Nov. 20.—In a few days Kenosha's religious organizations are to be increased by the addition of a Mormon church, if the plans of the two Mormon elders who have been quietly and effectively working here for several months past do not miscarry. Many years ago a colony of latter-day saints resided in the vicinity and the missionaries have been gathering the remnants together and apparently have met with considerable success. The Mormon elders have been kindly received and well treated. No building is to be erected in the future for the Kenosha branch of the church, but a room will be rented and occupied by the local following of Joseph Smith.

England Prepares for War.

London, Nov. 20.—It is learned that Salisbury has decided that England must spend in addition to the cost of war the sum of twelve million pounds in bringing British artillery to a higher standard than the German.

Illinois Increase 26 per Cent.

Washington, D. C., Nov. 20.—The population of Illinois as announced today is 4,821,550. An increase over 1890 of 985,199 or 26 per cent.

PURE FOOD MEN IN ANNUAL SESSION

DAIRY AND FOOD COMMISSION-
ERS AT MILWAUKEE.

Mayor Rose Gives Them Welcome—
Legislation Needed Governing the
Labeling of Adulterated Goods—
McGillivray Believes a Primary
Election Law Will Be Passed.

Milwaukee, Nov. 20.—Between forty and fifty of the state dairy and food commissioners, members of the national association of officials connected with dairy and food departments are in Milwaukee today to attend the organization's fourth annual meeting, which continues until Thursday.

The convention opened at the Hotel Pfister this afternoon at 2 o'clock, Mayor Rose giving an address of welcome, to which J. M. Bowler of Minnesota responded. The annual address of Acting President George L. Flanders of New York was the only other feature of the first session. This evening there will be an address on the enforcement of the state laws on oleomargarine by Alfred M. Jones of Illinois, the discussion on this subject being led by Jesse J. Kope of Pennsylvania.

Tomorrow morning Henry C. Adams will read a paper on "Necessary National Legislation Relative to Dairy Products," which will doubtless bear upon the features of the Groat bill as well as needed laws governing labeling of adulterated foods.

Election Law Will Be Passed.

Senator McGillivray of Black River Falls, who was in the city today, said he intended to introduce a bill in the legislature at the coming session to regulate trusts along the line of the laws now in force which he introduced at the last two sessions. This bill he says will be consistent with the decision of the supreme court in the case of the sash and door trust. The senator also said that he would introduce a woman's suffrage bill, if requested to do so. He believes that some kind of a primary election law will be passed, and that it will be as near to that outlined by La Follette as possible. Mr. McGillivray says that he is not a candidate for the position of president pro tem of the senate.

Shorter Hours for Machinists.

The E. P. Allis company has issued an order cutting the working time of its machinists to fifty-seven hours per week. After May 18, 1901, a further reduction of three hours will go into effect, and overtime will be paid at the rate of one and one-half time for one.

WOLCOTT WILL BE SENT TO RUSSIA

Colorado Senator Will Succeed Amb-
assador Tower—The President to
Reward Former Silver Man.

Washington, D. C., Nov. 20.—Senator Edward O. Wolcott of Colorado is slated for one of the most important diplomatic posts in the service of the United States government. There is excellent authority for saying that Ambassador Charlesmen Tower, now representing the United States at St. Petersburg, will retire at the present McKinley administration and that the eloquent Coloradoan will be chosen as his successor.

Senator Wolcott has a large fortune and can well afford to maintain the dignity of the American embassy at St. Petersburg in a befitting manner. While Mr. Wolcott has had no experience in diplomacy, he has been abroad several times, being at the head of the commission to secure the agreement of the European nations for silver.

FRANCE TO RECEIVE OOM PAUL KRUGER

Paris, Nov. 20.—Special trains are being run to Marseilles in view of the expected arrival of Kruger tomorrow. Crowds are taking advantage of the rates to make the trip and many special delegations of Boer sympathizers are going.

Sultan Felicitates McKinley.

Constantinople, Nov. 20.—Mr. Griscom, United States charge d'affaires, was again at the Yildiz palace Saturday, attending a court musicale, after which he dined with the sultan, who charged him to send to President McKinley his warmest congratulations upon his re-election. The sultan added that the election "assured the continuance of the present exceedingly friendly relations between Turkey and the United States."

Fish Fall with the Rain.

Joliet, Ill., Nov. 20.—After today's shower a large quantity of small white fish were found in different parts of the city, and local scientists are at a loss to account for their presence. Some of the fish were found on the roofs of big buildings at the steel mills, which lends color to the supposition that they dropped from the clouds.

CONGRESS TO FAVOR NICARAGUA CANAL

WORK ON GREAT WATERWAY
MAY BEGIN NEXT YEAR.

Opposition is Dying Out—Public Leaders Predict the Ratification of the Hay-Pauncefote Treaty the Coming Winter—McKinley is an Earnest Advocate of the Project.

Washington, Nov. 20.—In the first year of the twentieth century the great American republic will begin the work of digging a ship canal through the Isthmus of Darien. At last there is bright prospect that the dream of many years will be realized, and work actually to be commenced upon the Nicaragua canal.

Within a year from this date, it is predicted, engineers of the United States government will be stirring the earth in the isthmus and starting the mighty channel that is to join the two oceans. It is the belief of public men of all parties that during the coming session of congress these two steps will be taken:

1. Ratification of the Hay-Pauncefote treaty, thus clearing away all the international obstacles in the way of the enterprise.

2. Passage of the Hepburn canal bill, slightly modified to conform with the treaty, and immediate construction of the canal by the United States government.

This is the program that has been outlined by the administration as part of the work for the coming winter. The president has taken deep interest in it, and all his powerful influence is being exerted in its favor.

The president is a most earnest advocate of the construction of an American canal, and he is quite as earnest in his belief that the only right and effective way to go about it is through the proposed treaty. With this question the president will deal most favorably in his annual message two weeks hence.

CENTENNIAL AT NATIONAL CAPITAL

One Hundred Years Ago Congress As-
sembled for First Meeting
in Washington.

Washington, D. C., Nov. 20.—Yesterday was the 100th anniversary of the meeting of the first congress which assembled in Washington after the capital of the republic was transferred to this city from Philadelphia. The anniversary is to be elaborately celebrated on December 12. The governors of all the states as well as many other distinguished guests are to be present. In connection with the event there is a project for an enlargement of the executive mansion to a scale commensurate with the present features and grandeur of the country.

M'CALLA COURT OF INQUIRY.

Will Investigate Dispute Between the
Captain and Colwell.

Washington, Nov. 20.—The proceedings in the case of Captain McCalla is a court martial. The navy department was advised some time ago that trouble had arisen between Captain McCalla, commanding the Newark, and Lieutenant Commander John C. Colwell, formerly naval attaché at London, and now executive officer of the ship. While the department was acquainted with the facts, it left the matter to the commander in chief of the station, Admiral Remy, to adjust. He has now found it necessary to appoint a court of inquiry, which will determine the merits of the dispute between the two officers. Should this tribunal recommend a court martial in the case of Captain McCalla, it would be necessary to relieve him immediately from his command and order him to the United States, for there are not a sufficient number of officers of the requisite rank on the Asiatic station to form a court-martial for the captain.

Jews in Holy Land in Want.

New York, Nov. 20.—The following cablegram was sent to the World today: "Jerusalem, Nov. 19.—To the Editor of the World: Smallpox, typhus, diphtheritic sickness raging in the holy land. Thousands of Israelites suffering poverty and sickness. Please appeal for immediate relief from rabbis and Jewish philanthropists. Salant, Rabbi." The Rev. Dr. S. Salant is chief rabbi of the 50,000 Jews in the holy land. He is a venerable man of the highest integrity.

Big Fire in San Antonio.

San Antonio, Texas, Nov. 20.—At 2 o'clock this morning fire broke out in A. B. Frank Company's wholesale grocery store on Commerce street. At 3 a. m. the fire was thought to be under control, and the loss will not exceed \$40,000. Two men were badly hurt by falling glass.

Senator Davis Improving.

St. Paul, Minn., Nov. 20.—The condition of Senator Davis this morning is slightly improved. He passed a restful night.

GERMANY LIKES ITS BOURBON

Official Statistics Show That Beer Is
Being Supplanted in Favor.

New York, Nov. 20.—A special to the World from Washington says that Germany is becoming weary of beer, and is rapidly becoming a nation of whisky drinkers. More distilled spirits are exported from this country to Germany than to any other foreign country, according to an official report. The Germans, apparently, are partial to bourbon whisky in preference to rye. For the year ending June 30, 1900, 411,489 gallons of bourbon and 137,578 gallons of rye were sent to the German empire. Africa buys more rum from the United States and leads the list in the exportation of that article, having been supplied with 357,769 gallons. England ranks next in the consumption of American rum, with 303,534 gallons. Little whisky distilled in the United States is sent to England. The report shows that the subjects of the queen bought only 787 gallons of bourbon and 2,822 of rye. The only countries which did not buy any American whisky were Japan, Spain and Venezuela. The Philippine islands are beginning to use the American product, as 11,264 gallons of bourbon and 3,822 gallons of rye were shipped there during the last fiscal year. Japan, Canada, Central America, Mexico and China were the largest users of alcohol.

TWENTIETH CENTURY WILL SOON DAWN

The First Second of January 1, 1900,
Will Occur in the Midst of the
Pacific Ocean.

Of course everybody knows that the twentieth century will begin on Tuesday, Jan. 1, 1901. Some thoughtless individuals obscured this by hasty expressions of opinion, but then the sound common sense of the world came to think that we began to count with 1 and not with 0, and that 100 is not completed until the two ciphers are obliterated. The last moments of 1900 end the nineteenth century, and 1901 begins the twentieth.

There is a good deal of sentimental interest attaching to the opening of a new century. Which land will see it first, and whose eye will be the first to note its advent? Whose hand will be the first to usher in its earlier moments? Like so many phenomena, such as an eclipse, transit of the planets, the incoming of the twentieth will be in a region almost devoid of human life.

The first second of Jan. 1, 1900, will occur in the midst of the Pacific ocean along a line conforming in general to the meridian of 180 degrees east and west longitude from Greenwich. There is no land of consequence to salute the new century, no human eye save perhaps that of some sailor will be there to welcome its entrance.

The Friendly Islanders will be the first people to live in the new century. The date line, as it might be called, lies in the Pacific, just to the east of their group. It will be Tuesday to them, but all the rest of the world will be living in Monday and enjoying some phase of the closing hours of the nineteenth century. At Melbourne the people will be just going to bed, for it will be about 10 o'clock there.

At Manila the clocks will point to two hours earlier in the evening, while at Calcutta the residents will be enjoying their afternoon dinner, and in London the house of commons clock will be striking the noon hour. Boston and New York will be eating breakfast, while residents of Chicago, Milwaukee and St. Paul will be hardly conscious of the dawn. San Franciscoites will be sleeping the sleep of a Sunday night's rest, and half the great Pacific will be wrapped in the darkness preceding dawn.

The actual date line varies from the theoretical one in a number of cases. Starting at the North Pole it follows the meridian of 180 degrees to near 70 degrees north latitude, where it curves to the east 10 degrees so as to pass through Bering strait and includes all of Siberia in the Russian day. Then it takes a reverse curve to 170 degrees east longitude to include the Aleutian islands in our American day. At about 5 degrees south latitude after crossing the equator it curves once more to the east 10 degrees so as to give the Friendly Islanders the Australian day. It then regains the meridian of 186 degrees just south of the Chatham islands and follows this line to the south pole.

Going Back to Philippines.

New York, Nov. 20.—Col. Ernest A. Garlington, U. S. A., inspector general in the Philippines, was among the arrivals on the liner New York, from Southampton. He has been in Germany since May. He will soon return to the Philippines and resume his official duties. Referring to the state of affairs in the islands, he said that he had been away from his post so long that he was unable to express any decided opinion on the question. "The backbone of the rebellion has been broken for some time," he added, "and the only trouble now is to bring the bushwhackers and malcontents to bay. As to how long that will take I do not know."

TO NAME A REGENT FOR CZAR'S THRONE

REPORT THAT GRAND DUKE
VALDIMER IS THE MAN.

Regency is Under Consideration Until
the Complete Recovery of the Rus-
sian Ruler—Special Prayers Have
Been Ordered for Him All Over
That Country.

Paris, Nov. 20.—The Dix-Neuvieme Siecle today prints a special dispatch from St. Petersburg saying the physicians have announced that the illness of the czar will continue for some time.

A regency is under consideration, to act till the czar's complete recovery. The Grand Duke Vladimir, uncle of the czar, it is added, is mentioned as probable regent.

Czar Is Growing Better.

Livadia, Nov. 20.—The czar con-
tinues to improve in health. The bul-
letin issued by his physicians today
says:

"The emperor passed a good day yesterday. At 9 o'clock in the evening his temperature was 101.2 and his pulse 72. His majesty passed a very good night. This morning his condition is excellent. His strength is well maintained. At 9 o'clock this morning his temperature was 100.7; pulse, 68."

Special Prayers Are Ordered.

St. Petersburg, Nov. 20.—The highest religious authority has sent a telegraphic command to all the churches to hold special prayers for the recovery of the Emperor. All the churches in St. Petersburg, Moscow, Kharkow, Kherson, and Odessa were already holding prayers when the order was issued. The Novoe Vremya says: "The attention of the entire Russian people is riveted upon the telegraphic bulletins from Livadia. Fortunately the course of the Czar's illness occasioned no fear. His youth is his physicians' best ally. Russians are touched by the expressions of foreign sympathy."

The Svet, after remarking that the "normal course of the disease has hitherto been a favorable augury," says: "The telegraph has given sincere expressions of foreign sympathy. Europe and the world comprehend the role of the Czar better than ever before, acknowledging him as the first Prince in the world and guardian of peace."

Paralysis Attacks Oscar II.

Berlin, Nov. 20.—A special dispatch from Stockholm says it is rumored that King Oscar II. has had two slight paralytic strokes. His present condition, however, is not alarming. He drives daily and is out of doors considerably.

PEI HO IS ALMOST BLOCKED WITH ICE

Tien Tsin, Nov. 20.—The Pei Ho north of Tung Chow is almost frozen over and communication by water may cease any time. General Humphrey of Chafee's staff, reports favorably on Shan Hai Kwan as a winter port. A pier is to be built eight miles below the city at the expense of two hundred thousand dollars which will be divided among the allies.

RAILWAYS AGREE TO TAX BICYCLES

Thirty-Two Western Roads Ha
Signed an Agreement—25
Cents for Each Piece.

Chicago, Ill., Nov. 20.—Thirty-two western roads have signed an agreement to make a minimum charge on all bicycles, tricycles and baby-cabs regardless of their weight, instead of classing them as baggage as many of the roads have been in the practice of doing. Hereafter these articles will be charged the same as express baggage nothing less than 25 cents a piece being collected. If the weight is over fifty pounds actual weight will be charged for.

FAMOUS RAIDER IS DYING.

Captain Peter Everett Who Served
With General Morgan.

Lexington, Ky., Nov. 20.—Captain Peter Everett who served as Captain under General John Morgan in the civil war, and rivaled that confederate in deeds of daring, is dying in the insane asylum here. His effort to capture General Burbridge when he burned a bridge and captured a train near Lexington, and his burning of the Mount Sterling, Ky., courthouse, used by the federals as a prison, with sixty men, in the face of a garrison of 2,000 men, were notable acts during the war. He has been in the asylum since 1874.

Detectives on His Trail.

Cincinnati, O., Nov. 20.—Information to the police leads to the belief that Frank Brown, who looted the German National Bank of Newport of two hundred thousand dollars was in Indianapolis yesterday, and detectives were put on his trail.

AN EARLY DELIVERY OF THE 1900 CROP

TOBACCO GROWERS BUSY TAKING DOWN THE LEAF.

The Moist Weather of the Past Few Days Excellent for Bringing the Crop Into Case—Social and Personal from Edgerton, Milton Junction and Other County Towns.

Edgerton, Wis., Nov. 20.—The moist weather of the past three days has been excellent for bringing tobacco into case, and from end to end of the tobacco growing belt growers are busy taking down the leaf, preparatory to stripping. This means that an early delivery will be made of the 1900 crop and the farmers will have ready money for tax purposes, etc. The large warehouse being erected by McIntosh Bros. is nearing completion and will be ready to receive the new crop. All indications point to a very busy season here this winter and it is rumored that assorting room prices will be good.

Milton, Wis., Nov. 20, 1900.

The live hog market was active last week and brisk competition between the local firms forced prices to a good figure, a condition of affairs that benefits the farmer, but puts but little money in the buyer's purse. \$4.50 per hundred was paid freely for good hogs at the close of the week. Vincent and Hassenger shipped seven cars during the week and Barnes and Fetherston each shipped a car of barley.

The Milton Junction postoffice is likely to become a presidential office at an early date.

The rains of Sunday and Monday put the ground in good condition for the winter freeze-up.

The daughter of Mr. and Mrs. L. C. Sunby, who had typhoid fever died on Saturday. The mourning parents have the sympathy of the community especially the mother, who is ill with the same disease. The funeral took place this afternoon at the house, Rev. T. W. North, pastor of the M. E. church, officiating.

The college football team are having difficulty in securing the practice needed prior to their game with Janesville on Thanksgiving day.

Nine degrees above zero is the way written, not ninety.

Dr. E. D. Roberts of Janesville was here on professional business on Saturday.

W. A. Chaney went to Crab Orchard, Ill., Saturday night to visit his old home.

H. P. Clark of Brodhead was in town on Saturday night.

J. R. Howard and Miss Bessie Crandall were united in marriage Thursday evening, the ceremony being performed by the Rev. A. L. McClelland.

M. C. Whitford, representing the Janesville Barb Wire Co., returned from a trip through the Dakotas Friday.

He says that the Dakota people are still rejoicing over the defeat of "Pestiferous Pettigrew."

Hon. C. A. Smart was elected as circuit, not county judge in Kansas and his majority was 1,500. The many friends of Judge Smart in Rock county unite in congratulations.

FULTON.

Fulton, Nov. 20.—Miss Mabel Lee spent Saturday and Sunday with her parents, returning to Janesville Monday, where she will again enter the store of W. W. Nash as bookkeeper.

Miss Bessie Green came up from Janesville Friday night.

The Stephenson Quartette, assisted by W. B. Amsbury, was the second number on our lecture course, last Saturday night. The entertainment was given in a highly artistic manner, and the generous way in which they responded to each encore was greatly appreciated by the audience. It is to be hoped that will again be favored by them at some future time.

Mr. Spillman Riggs is the next on our lecture course.

Mr. Bliss of Milton, has placed a fine Story & Clark piano at the church, for use at the concert.

The Y. M. C. A. speakers and the quartette expected for Sunday service did not come, as the weather was so unpropitious.

Mrs. Minerva Lee, from Janesville, is passing a few days at her son's, H. M. Lee.

The rain has brought tobacco into case and most farmers will soon have this year's crop off their hands.

Miss Nellie Bentley is gaining in strength since returning from the hospital in Janesville.

Miss Lou Raymond has finished her term of school and after a few weeks' vacation, expects to attend the normal school at Whitewater.

Mr. Eph. Sayre and daughter, Dorothy, were up from Beloit, spending a few days with friends.

After a long illness, Mrs. Jas. G. Koehler was released from her sufferings last Friday morning at seven o'clock. Funeral services were held at the home Saturday afternoon, Mr. Reid and Mr. Martin officiating.

The Levere Medicine Co., after giving a week's entertainment, in Stewart's hall, have gone to Indian Ford.

FARMERS WILL GET BENEFIT OF SCIENCE

Superintendent McKerrow Announces a List of 101 Institutes To Be Held This Winter.

George McKerrow, superintendent of the department of Farmer's Institutes, has sent out a list of dates for the holding of institutes for 1900-1901. Those in the southern part of the state are: Orfordville, Jan. 24 and 25; Juda, Jan. 23 and 24; Waterloo, March 5 and 6; Western Union, March 5 and 6; Walworth, Jan. 22 and 23; and Mineral Point, Jan. 17 and 18. In his letter Supt. McKerrow says:

"These 101 meetings have all been placed in response to petitions sent to this office, and have been granted with reference to reaching points in the state that have not previously had institutes and with a view to placing at least one meeting in each agricultural county that has asked for it. Towns remote from the railroad are favorably considered whenever possible; a five to twenty mile drive not counting against a place if they want a meeting and we think they are in need of institute help.

"The workers whose services we have secured have been selected from the successful practical farmers of the state who have the ability to give intelligibly the practices that have brought them success, as well as the reason for these practices. We are also in correspondence with several noted specialists from outside of Wisconsin, and are planning to engage them to come to our state to attend a number of institutes.

"As you will see by the list there will be five corps of workers, each holding two two-day institutes each week. Each corps will consist of a conductor and an assistant who work together through the entire season; they are further assisted by from one to four specialists, making a force of men who can discuss any phase of farm work.

"An edition of 60,000 copies of Farmers' Institute Bulletin No. 14, will be ready for distribution after December 10. Several hundreds of them, with other agricultural reading, will be given away at each institute. The Bulletin will also be sent free to any address in Wisconsin upon receipt of postage. All farmers' clubs, agricultural and horticultural societies, butter and cheese factories and granges, are entitled to sufficient number, free of charge, for their members and patrons."

INDIAN FORD.

Indian Ford, Nov. 20.—Master Johnie Scofield has gone to Oklahoma with his grandmother, Mrs. Geo. Scofield, of Janesville.

The Camelia Medicine Co. are giving entertainments in the G. T. hall here. They intend staying until next Thursday. Great things are claimed for their medicines, but we have not given them a trial yet.

Mrs. Riley Crall of Milton Junction, is visiting friends here at time of writing.

Mr. and Mrs. Henry Cox made a trip to Whitewater a week ago Saturday.

Mr. and Mrs. J. Chamberlain have gone for a few days' stay with their daughter, Mrs. Goodrich, at Oakland.

Ed. Reynolds has moved to Edgerton. Jim Jones has also moved to the tobacco city, leaving two empty houses in our little burgh. We hear that there are others going to town before spring.

The threshing company of Bell & Petty have begun an extensive job shredding corn and grain threshing for F. C. Hurd.

W. Price and family spent Sunday at Henry Price's in Edgerton.

Scrofula

This root of many evils—Glandular tumors, abscesses, pimples and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, calarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness and other ailments including the consumptive tendency—Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Vernoy, Wawarsing, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the scrofula returning.

Saws His Body in Twain.

Ottumwa, Iowa, Nov. 20.—By sawing his body in twain, Lewis Westhoff of Stiles committed suicide. He was a widower, and the burden of caring for his four children was more than he thought he could bear. So when he went with some neighbors to saw wood near his home the swiftly revolving toothed instrument presented to his mind a means of immediate relief. He threw himself across the saw's path, and the halves of his body dropped from the table before the horrified bystanders could make a move to interfere.

Death Hides in Oil Can.

Ashtabula, O., Nov. 20.—Mrs. John Rodvinsky lighted the fire in a stove at her home with oil. The oil exploded and saturated her clothing, which ignited, and she was burned to death in three minutes. She leaves a family.

Kenosha, Wis., Nov. 20.—Katie Keenan of Fox River, Wis., who is employed at the home of Attorney Peter

Misher, in this city, was terribly injured by a kerosene explosion. She used the kerosene to build a fire and an explosion followed.

Elephant Born in Wisconsin.

Baraboo, Wis., Nov. 20.—The birth of a baby elephant at the winter quarters of Ringling Bros., circens in this city early this morning created quite a stir among the employees and townspeople. It is 32 inches high, 3¼ feet long, and its trunk is 14 inches long. The animal weighs 300 pounds.

Steamer Friesland in Tow.

London, Nov. 20.—The Red Star line steamer Friesland, Capt. Nickels, from New York, Nov. 7, for Southampton and Antwerp, passed Scilly today disabled, in tow of the British steamer Clowden, from Newport News for Rotterdam. The Friesland's rudder was damaged.

Burns to Death in Hotel Fire.

Sturgeon Bay, Wis., Nov. 20.—The Hotel French burned today. Miss Hechardt of Ahnapee, Wis., a guest, was burned to death. The hotel was crowded. Most of the guests had to make their escape in their night robes. The loss is \$8,000.

Guard Justice with Revolvers.

Chicago, Nov. 20.—A crowd of infuriated men attempted to assault Justice De Young in his courtroom at South Holland and was held at bay at the points of revolvers in the hands of Constable De Young and Attorney Trainer. The trouble arose over a case in which Jacob Friesma was accused of selling liquor illegally. The justice says he was first offered political advantages if he would deal leniently with the defendant, and upon refusal to consent to any such arrangement threats of violence were made.

Prison for Two Directors.

London, Nov. 20.—Director Nelson and Manager Shimon, who, with the auditors of the institution, were found guilty Nov. 14 of falsifying the books of Dumbell's Bank of Douglas, Isle of Man, which recently failed for over \$100,000, were today sentenced to five years' imprisonment. The others received sentences ranging from six months to eighteen months' imprisonment.

Fear a Famous Mine Is Empty.

Denver, Colo., Nov. 20.—Fear that the famous Stratton Independence gold mine at Cripple Creek is worked out has so alarmed British holders of shares in the Venture company, which owns the property, that they have sent an expert to inspect the property and learn whether or not it is valueless. The managers hold that the charge is false.

Pennsylvania Has 6,262,115.

Washington, D. C., Nov. 20.—The population of the state of Pennsylvania, as announced by the census bureau, is 6,262,115 as against 5,258,014 in 1890. This is an increase of 1,034,101 or 19.8 per cent.

THE AGE LIMIT.

When does a man grow old, and at what age do his mental and physical faculties commence to decline, is a question that interests every man who has reached or passed the meridian of life. Apply to the operating department of a railroad company for a position, and about the first question asked is "age." If you have passed thirty it is the only question, for the company claims to have learned by experience that active young men possess the most physical endurance for the work demanded. Go into the executive department of the same company and the age of forty or forty-five is not objectionable, if accompanied by valuable experience.

What is true of the railroad is true of almost every other department in life. The demand is for young men where muscle and endurance are required, and for young and middle-aged men where the mental strain is severe.

It is true that a great many business men are actively engaged in looking after their own business interests at ages ranging from fifty to seventy-five years, and a large number of trusted employees continue to hold their positions until they drop out at the call of old age, but these facts are true because they are permanent fixtures. Let a man, however well equipped, drop out of the ranks through misfortune after he reaches the age of fifty, and enter the industrial or commercial market for position, and he finds it almost impossible to succeed. One of the most pathetic sights in the business world is a man of this class seeking employment. He has been left by the rushing procession and is not unfrequently forced back into the ranks of premature and dependant old age.

These experiences, and they are not imaginary, point a lesson that every young man can afford to heed, and that is the necessity for winning permanent success in some honest calling during the age of opportunity. Observation teaches that the men who work out an independent destiny for themselves, with rare exception, commence their career before they reach the age of thirty. The young man who depends on other brains than his own to direct him for five or ten years after he acquires his majority, has passed the point of independence, and the age where he feels warranted in trusting his own judgment on questions of importance.

Every young man, whether he be a farmer, mechanic or clerk, should cultivate, if he does not possess it, an ambition to do business on his own account. He can afford to take some chances and might better fail than never make the attempt. The opportunities of life were never more promising than they are today in almost any honest calling that a young man may select. Don't be afraid to strike out for yourself before you reach the age of dependance, and that age comes as a rule before middle life is reached.

The age limit seldom comes to women, and especially if they have been fortunate enough in early life to become partners in a well regulated home. To such old age should be, and frequently is, the golden age, when a wealth of love flows in from many channels and crowns with benediction the years of active toil and sacrifice. To the woman less fortunate, whether by choice or otherwise, old age is less pronounced, because the scene of her activities is of milder type, and the scramble not quite so fierce. An unmarried woman never passes the age of forty, or if she does it is so quietly that it is not a matter of record, and then her heart is always young. The age limit does not apply to women of this class because there is so much uncertainty about it, and a kindly judgment always gives them the benefit of the doubt, and calls them girls, until they are called up higher. The age of usefulness is the common inheritance of men and women and to this age there is no limit.

COLORADO'S DISGRACE.

The state of Colorado has suffered disgrace through a weak governor and a lawless sheriff, to a degree that is deplorable, and from which it will not recover for many years. The crime committed by the colored man, Preston Porter, was an atrocious one, and merited the most severe penalty that the law could inflict. If capital punishment had not been removed from the statute books, any jury in the state would have recommended the death penalty, and any judge in the state would have pronounced it; but because he could not be legally killed is no excuse for mob law, and a vengeance so horrible in detail as to cause intelligent people all over the land to turn away with disgust and shame, at an act of barbarism that parallels the history of the dark ages. The sheriff knew perfectly well that he was turning his prisoner over

to a wild and reckless mob, capable of committing any sort of atrocity in the name of revenge. The governor knew the conditions as well, yet both officers assisted, directly or indirectly, in the outrage, well knowing, if they knew anything, that the mob, when it recovered sanity, would censure them, and the people of the state and nation would condemn them in the court of public opinion.

The fair state of Colorado deserved better treatment at the hands of its officers.

American enterprise is capturing some good electrical contracts in France and England in spite of the fact that these older countries have large plants and thorough equipment. The Yankee commercial traveler is as much in evidence on the streets of London and Paris as he is in New York, and he carries with him the same persistency, backed up by bargains, that makes him so successful at home.

If college riots continue at the rate now being recorded, Bryan's forts should be established in the college towns. The professors don't seem to be able "to teach the young ideas to shoot," and some of the young ideas need shooting with a gatling gun. Between football and riots the colleges are fast becoming depopulated.

Dowie, the divine healer, seems to be an all around disturber. He has established a town called Zion, near Waukegan, and imported fifty foreign lace makers to develop a new industry. American workers in the same line object, and under our immigration laws the foreigners may be obliged to return.

"Never forget a man who does you a favor," is Richard Croker's motto, and it is a good one, from a political or any other standpoint. A man who forgets his friends is not entitled to friendship; his enemies are usually capable of taking care of themselves.

Only six of a football team were disabled in Ohio the other day. Two of them may die, but the other four will be able to navigate on crutches the balance of their lives. It wouldn't be so bad if they had won the game.

COMMON PROPERTY

Public Praise is Public Property—Janesville People May Profit By Local Experience.

Grateful people will talk. Tell their experience for the public good. Janesville citizens praise Doan's Kidney Pills. Kidney sufferers appreciate this. They find relief for every kidney ill. Read what this citizen says:

Mr. E. T. Fish, of 335 Racine St. proprietor of the Fish Dray Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the People's Drug Co.'s store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

KANSAS HONORS C. A. SMART

An Old Rock County Man Made District Judge at Ottawa.

C. A. Smart, a former Rock county man, has been elected district judge at Ottawa, Kansas, a position that corresponds with the circuit judge of this state. Some days ago a statement was made in The Gazette that he had been elected county judge, which was incorrect. Mr. Smart formerly lived in the town of Fulton; he studied law in the office of A. A. Jackson of this city, and about fourteen years ago went west, where he has achieved splendid success. He is a self made man and a good lawyer.

AN IMPORTANT CHANGE.

A Large Company's Branch in Janesville.

N. B. Robinson & Co. having decided to go out of the wholesale beer business, the Blatz Brewing Co., of Milwaukee, has established a Janesville branch with offices at No. 16 East Milwaukee street, room 12, and will hereafter represent its own interests in this city. Messrs. E. Boots and Henry Casey, gentlemen who are well and favorably known about the city, have been retained by the Blatz Company, and it will be their aim to promptly fill all orders sent to the above address, or telephoned to "675 Rock Co." or "447 Wisconsin Co."

Comment regarding this company's products seems unnecessary at this time, as the Blatz brews are held in highest regard by beer drinkers everywhere.

ENTERTAINED AT A SIX O'CLOCK TEA

Mrs. E. A. Ripley and Miss Ruth Culver handsomely entertained a number of ladies at a six o'clock tea at their home, 354 Court street, last evening. The rooms and tables were handsomely decorated with chrysanthemums. The refreshments were in keeping with the other appointments and were highly enjoyed.

The evening was spent in playing six-handed euchre. Mrs. Geo. S. Parker won the first prize and Mrs. David Holmes the lucky number prize. During the evening Mrs. Learned delighted the audience with several vocal solos. She has a beautiful voice and a happy way that pleases her hearers.

FARMERS HELD UP IN THEIR STABLES

**BOLD ROBBERY ON J. D. CURREY
PLACE NEAR BELOIT.**

Mrs. Currey Makes a Desperate Resistance, and is Beaten on the Head with Revolvers—She Finally Escaped and Roused the Neighborhood—An Arrest Has Been Made.

Beloit, Wis., Nov. 20.—J. D. Currey, a farmer residing near this city on the Illinois side of the state and his son, Clark, aged 14 years, were held up in their stables at half past seven last night by three masked robbers, who after tying them with straps cut from the harness they went into the house and overcame Mrs. Currey by beating her on the head with their revolvers. They probably would have killed her had it not been for the family cat which in jumping on a window sill upset some plants, which noise attracted the attention of the robbers and Mrs. Currey taking advantage of the moment made her escape to a neighbor's house and the robbers fled. They threatened to burn her feet if she did not disclose the location of the \$100 that they thought she had in the house.

Last Tuesday a man called at the house and wanted to sell a knife. Mr. Currey bought the knife and went to a cupboard and got a purse to pay the man. Saturday night robbers entered and ransacked this cupboard, but only found \$2 for their trouble. Mrs. Currey then found another hiding place for her money in the house and the robbers tried all means to get Mrs. Currey tell where the money was.

Rev. Einsiedel Returns. Minister of the German Lutheran church and of whom it was said that he had left the country has returned and proposes to settle with the people who created such a scandal of him at the time. It was said that he had left the country leaving the German chapel with bills in their hands which they had paid. Mr. Einsiedel was not guilty of such conduct and proposes to make it interesting for these people who created the scandal.

The robbers secured only \$3, although there was a private fund in the house of about \$80, the property of Mrs. Curry.

Illinois and Beloit police today arrested Fred Brown on charge of being a party to the crime. He waived examination and was remanded for trial.

John Frederick Dead. Mr. John Frederick, one of the brothers of the Frederick Hardware Co., died last night at his home on Prairie avenue. Mr. Frederick is thirty years old and has been in poor health quite a while. He leaves a wife and one child.

NEW IDEA TO RAISE MONEY FOR CHARITY

A new idea has been started by the club women in different parts of the state with a view to raising money for charity and other purposes. The latest is called a rummage sale. Thousands of discarded articles are gathered up around the city and are offered for sale at prices ranging from one cent up to several dollars. The articles include everything from old neckties to second hand stoves sewing machines and baby cabs.

The articles meet with a ready sale at the prices asked and a good many dollars are thus added to the treasury of the society having the matter in hand.

It has already been tried in Racine, Kenosha, Madison and other cities and in every case has met with success. The club women of Janesville might make a neat sum by running one of these sales.

DEER HUNTERS ARE IN A PREDICAMENT

A number of deer hunters from this part of the state are having considerable trouble with the express company at Florence, Wisconsin, about shipping their deer home. The hunters had their licenses and had marked their venison for shipping as required by law, but the express company refused to accept on account of its having to be transported out of the state in order to reach the homes of the owners in the southern part of the state. Five hunters found themselves in this predicament the other day. They had five deer they wished shipped home and had to leave them behind because in order to get them home they had to go out of the state and back again. The law says that it shall not be shipped out of the state, but in a case of this kind there should be some provision made to cover it. The hunters claim that they will institute a test case against the express company.

Oldest Republican Voter. Thomas Jamieson of the town of Harmony is one of the oldest republican voters in Rock county. He cast his first ballot for Zachary Taylor and has never missed voting since then. He will be ninety years of age next July and even though the weather was inclement last election day he hitched up his horse and drove two miles to vote for McKinley and Roosevelt. A great many men younger in

years than Mr. Jamieson would hardly have gone to this trouble to cast a ballot.

RAPID RUN DOWN MILWAUKEE STREET

**DELIVERY WAGON HORSE MADE
THINGS HUM TODAY.**

Harry Wilcox, the Driver, Clings to the Reins with a Desperation Born of Dispair—He is Finally Thrown From the Wagon Like a Shot, But Grabbed the Horse.

A horse attached to W. W. Nash's delivery wagon and driven by Harvey Wilcox made a rapid run this morning down Milwaukee street.

Wilcox had just started down the street from the Grand hotel where he had delivered some goods, when one of the tugs dropped down and allowed the wagon to run up onto the horse and this started him down the street at a rapid pace. Wilcox attempted to stop him but at every jump the wagon struck the horse and caused him to increase his pace.

The driver kept him away from the numerous rigs on the street until River street was reached. Here the horse attempted to turn to the south down River street, but his speed was so great that he went clear across the street where he made the turn.

The bystanders held their breath expecting to see the outfit go through the large plate glass window on the west side of Hall, Sayles & Fife's jewelry store, that has been broken several times before by runaways. The outfit just missed the window and struck the brick wall to the south of it. The horse fell down and Wilcox was thrown from his seat by the sudden stoppage of the rig, like he had been thrown from a spring board. He sailed out through the air directly over the horse and landed on his hip on the walk directly in front of the horse's head. He was not hurt and before the animal could rise grabbed him by the bridle and held him.

The bystanders rushed to his assistance and the horse was unhitched from the wagon. No damage was done to the rig with the exception of the breaking of the shafts. The horse was somewhat bruised where the wagon struck him in his flight.

A lady crossing River street near Hall, Sayles & Fife's had a narrow escape. She did not see the runaway until it was almost upon her and just managed to escape being struck.

Wilcox had a narrow escape from being smashed against the brick wall. If he had been thrown towards the wall instead of down the street he could not have escaped serious injury.

SENT TO WAUPUN FOR TWO YEARS

Paul E. Ranney Charged with Picking Pockets at Monroe Pleads Guilty and is Sent Up.

Sheriff J. W. Gardner of Green county, accompanied by district attorney, Henry Clark, arrived here this morning on the 9:30 train from Monroe, having in their charge Paul E. Ranney, one of the trio of pickpockets arrested at the Green county fair. Ranney pleaded guilty to the charge of larceny from the person. Judge Dunwiddie sentenced him to a term of two years in the state prison at Waupun. Ranney was arrested at Monroe during the fair along with George Hine and Henry Atkin. Hine pleaded guilty to the October term of court and was given two years in Waupun. Atkin and Ranney stood trial and the jury disagreed standing two to ten for conviction after being out all night. Atkin pleaded guilty some time ago and finally Ranney concluded that he would not go through another trial and pleaded guilty before Judge Dunwiddie this morning.

Hine and Atkin were both identified by Warden McClaughry, who claimed they were old offenders. Ranney is a new hand at the business. He comes of good parents but got into bad company and took up a career of crime to get a living. When the sheriff arrived with the prisoner this morning he had him handcuffed to his turn-key and did not propose to let him get away.

GETTING READY FOR THE CONVENTION

The officers of the local Y. M. C. A. are making every effort to have things in shape for the opening of the state convention in this city on Thursday afternoon.

A number of citizens have volunteered to open their homes and entertain the delegates during the convention. About 300 delegates from all parts of the state are expected.

The program already published will be very interesting both to the members and to outsiders. The exercises begin on Thursday afternoon at 2:30 o'clock and continue throughout the week.

Murray of St. Paul, Minn., secretary of the Minnesota Barbers' State Board of Examiners and the editor of the professional barber, will speak at Assembly hall on Sunday afternoon at 2:30 o'clock. His subject will be the "barbers' license law, and the barbers of the past, present and future. Mr. Murray is an able speaker and those who attend will spend a pleasant afternoon.

THE TWILIGHT CLUB WILL MEET TONIGHT

An exceedingly interesting session will be held by the Twilight club at its monthly meeting at the Myers House this evening. The subject, Co-operative Industries, is at present attracting wide attention. All sides of the question will be handled this evening, and many interesting papers will be presented.

This evening's leader has given the subject much study and thought, as have the other gentlemen that take part. No phase of the subject that may be of interest to the members of the club has been overlooked. It is hoped that all the members will be present and at the general discussions which follow the papers will present any facts on the subject that they may have.

Rev. Walter A. Hall scheduled to deliver a lecture at Walworth tonight. The notices were out and could not be withdrawn and so he concluded that it would be his duty to go. He therefore procured the appointment of another leader for the Twilight club. Mr. Hall is much disappointed over the outcome. He has, however, laid all the plans and made all the arrangements so that the club meeting will go on as well as if he was here.

BRIEF BITS OF LOCAL NEWS

T. A. Murray and wife left this morning for New York City where they will make their home.

Ladies and children admitted free every afternoon this week except Saturday. The exhibition given by Prof. Waltz at the Palace Rink every evening this week is worth more than price of admission.

James Cleland left at noon today for a hunting trip to Kansas. He will be gone two or three weeks shooting bear and gray wolves. He returned last year with seventeen pelts. Although eighty years of age he is a good shot and a nifty hunter.

The Browning club will meet in the parlors of the Congregational church on Wednesday evening at a quarter before eight. The poem for the evening is Andrea del Sarto. Anyone who is interested is invited.

THE PARTY BROUGHT HOME EIGHT DEER

Janesville Hunting Party on Edge Be- cause Game Wardens Were After Their Deer.

J. A. Sutherland, J. W. St. John, W. H. Appleby, C. L. Valentine, Sanford Soverhill, Ed. Parker and John Inman of this city and Wal Bentley of Edgerton returned home this morning from a successful deer hunting trip in the northern part of the state. The party brought home eight deer with them and report a splendid time. Some apprehension was felt by the party when they reached here this morning about getting their deer.

The party tagged their deer when they started for home so that they would travel in the same train with them as required by law. The party came home by the way of Milwaukee in order to save time, but when they arrived at Fond du Lac the express messenger unloaded the deer that being the shortest way to this city and the hunters went on without their game. A couple of game wardens got onto the fact and proposed to take the deer for the reason that they were being shipped and were not accompanied by the owners. After considerable trouble the matter was explained to the wardens who allowed the carcasses to be sent to this city where they arrived safely this noon.

TO TAKE FORM OF A MEMORIAL HALL

It has been suggested by several of the leading citizens that the monument to be built by Rock county in commemoration of the valiant deeds of the old soldiers take the form of a memorial hall. Ten thousand dollars will build a hall that will be a credit and an ornament to the city. It could be large enough to have a memorial hall museum and also a room for the G. A. R.

It is thought that in honoring the soldier dead some thought should be taken of those who fought through the years of trouble and came out alive although many of them are crippled. It would be much more useful and just as ornamental if it was in the form of a building that had rooms in it that would be of use to the public.

Many cities have monuments and memorial halls of this kind and they are a source of comfort and pleasure to a great many people and this plan might be followed in the proposed monument in this city to a good advantage.

E. K. Wheeler, who was so badly injured by falling from the roof of Soverhill & Porters warehouse last Friday morning is doing nicely. It is only a question of time before he will be around again. The worst feature of the case is his left knee which was badly injured and is liable to leave him in a crippled condition.

The funeral of Patrick Beggs was held at St. Joseph's church at Edgerton this morning at 10 o'clock. Rev. Father Harlan conducted the services and the pall bearers were John Connors, Daniel McGinley, Daniel McGraw and John Hefferan.

Edward P. Ryan was in Edgerton today to conduct the funeral of Patrick Beggs.

EDICTS WILL BE IGNORED.

Ministers at Peking to Disregard Imperial Decrees.

ARE NOT SEVERE ENOUGH.

Punishments Fixed by Dowager Held Inadequate—Text of the Order Against Foreigners' Lives Issued by Tuan—Germany's Firm Stand on China.

Peking, Nov. 20.—The talk since Tuesday's meeting of the foreign ministers has been in regard to the imperial edicts issued on that day providing for the further punishment of "the Ministers of state for having participated in and protected the Boxers and bandits in the recent movement." The unanimous opinion is that the punishment proposed in the edicts should not be regarded as sufficient, and many persons hold that the decrees are really an insult to the intelligence of the allies. The representatives of the powers believe that these edicts show the Dowager Empress has the power to further punish the guilty parties if she can go so far as to deprive Prince Tuan of his title and noble rank and sentence him to be confined within high walls, while Prince Chwang is banished to Mukden and sentenced to imprisonment for life, and all military operations are to be stopped. It is admitted that these punishments, if enforced, will be severe, but in considering this people should not forget the offenses of Tuan and Chwang. During the siege of the legations at Peking these two men issued and had posted the following order: "Whereas, the missionary chapels in Peking have been burned and the foreigners have no longer a place where they can hide, they have necessarily absconded from sight, therefore this proclamation is issued to inform scholars, soldiers and brave Boxers and commoners that if foreigners are caught hiding they will certainly suffer death by decapitation. If brought to us alive a reward of 50 taels will be paid for a man, 40 taels for a woman, and 30 taels for a child. They must be alive when turned over to us, and when this is verified the reward will be immediately paid. Let all fear and none disregard this special proclamation." There is no question that Tuan and Chwang issued this proclamation, and hence it is argued that the demand for the death punishment in their cases is reasonable.

How Will She End?

Just budding into womanhood, so fresh, so fair and fine that we turn to watch her as she passes, she trips along the street a picture of health and beauty. Among the passing crowd of worn and wrinkled women, she looks a being from another world. Will she ever be like them? Could they once have been as fair as she? No beauty can last under the strain and drain of female weakness, from which the majority of women suffer in a greater or less degree. They might preserve their fairness of face and form if they would cure the disastrous diseases which affect the womanly organs. Women are cured of such diseases by the use of Dr. Pierce's Favorite Prescription. It stops the enfeebling drains, heals inflammation and ulceration, cures bearing-down pains, strengthens the nervous system, and restores the general health. It contains no opium, cocaine or other narcotic.

"I had been a great sufferer from female weakness," writes Mrs. M. B. Wallace, of Muenster, Cook Co., Texas. "I tried four doctors and none did me any good. I suffered six years, but at last I found relief. I followed your advice, and took eight bottles of Dr. Pierce's Favorite Prescription and four of his 'Golden Medical Discovery.' I now feel like a new woman. I have gained eighteen pounds."

China, Count von Buelow, the imperial chancellor, emphatically denied the assertion frequently made abroad that the China imbroglio was traceable to the German occupation of Kiaochow. This statement was greeted by the social democrats with loud cries of "it is quite true." Reverting to the Kiaochow allegation Count von Buelow recapitulated the previous territorial acquisitions and expeditions of the other powers in China, adding: "We, with proverbial modesty, restrained ourselves longest of all the powers, even until the massacre of our missionaries in Shan-Tung."

Continuing, Count von Buelow said: "We first acted in China by force of circumstances, and then in such a way that peace was affected neither directly nor indirectly. Our presence at Kiaochow is based on a treaty with China, in accord with international law. We have always shown a friendly and benevolent disposition toward China and demonstrated this specialty in 1895, when China was at the mercy of the victorious Japanese. We have no desire to interfere with the interests of the other powers in China. We wish to protect our rights to the fullest degree. Our position there is one of legitimate defense."

FEARS UNIVERSAL WAR.

M. Constant's Sensational Speech in French Chamber.

Paris, Nov. 20.—During the morning session of the chamber of deputies the budget for the ministry of foreign affairs was discussed and M. Constant, republican, representing the LaFleche district of the Sarthe, asked how long the Chinese campaign would last. He said he feared it would cost a large amount. The could not depend on an indemnity to cover the expense, for it would be necessary to continue the expedition to enforce the payment. The speaker also expressed fear that the exaction of an indemnity would result in the dismemberment of China, resulting in a universal war. Thus, he pointed out, "China lays a trap for Europe to fall into."

M. Marcel Sembat, radical socialist, representing one of the Seine districts, demanded to know by what right the government had engaged in war without the consent of parliament and questioned the government as to the truth of the press announcements of atrocities committed by soldiers. He concluded with the statement that Field Marshal von Waldersee was unfit to be commander-in-chief of the allied forces.

Death to Christians.

Canton, Nov. 20.—Refugees who have arrived here report that anti-Christian riots have broken out in the province of Kiangsi. The non-Christians are wearing badges and all persons not so decorated are in danger of death. The viceroy of the province has appointed a deputy to settle the French claims at Shun-tak and three French gunboats will accompany the deputy with the view of enforcing his orders.

PROVINCES FALL INTO LINE.

Two Distinct Governments in the Tide of Liberalism in Canada.

New York, Nov. 20.—Two of the provincial governments of Canada, liberal in politics, have decided, it is reported, to take advantage of the flowing tide of liberalism and have appealed to the electors for support. The election in Quebec will take place Dec. 7. The liberal government had a majority of about thirty out of seventy-four members in the last house and this is likely to be increased. Another election will be held in Prince Edward Island, where for a year there has been a virtual deadlock, the liberal government being sustained in power on several occasions by the casting vote of the speaker. This election will be close, with good chances for the conservatives to win. Sir Charles Tupper's intention to retire from the leadership of the conservative party has given rise to lively discussion as to his successor. Mr. Foster, former minister of finance, is the most prominent member of the party after Sir Charles.

FIVE DIE IN LAKE STORM.

Lumbermen Go Down with Scow in Lake Superior.

Newberry, Mich., Nov. 20.—Word has been received here by D. N. McLeod, lumberman, that one of his scows used in transporting freight from Sault Ste. Marie to Deer Park, where he has a number of lumber camps, was caught in a storm on Lake Superior off Deer Park and five of the six men on board were washed overboard and drowned. The dead: Joseph H. Cascaden, Joseph Billings, Herman Winzel, Baron Nizel, unknown man, whose first name was William. The man who is only partly identified by his Christian name of William was a resident of Park Hill.

BRITON WHO RIVALS WEYLER.

General Kitchener Is Accused of Cruelty.

BOER HOMES ARE RAZED.

His Plan of Concentrating Boer Women and Children After Burning Farmhouses: Routes Severe Comment in England—Letter from Stead.

London, Nov. 20.—General Weyler's assertion in the Paris Figaro the other day that the British policy in South Africa was more cruel than any of his work in Cuba seems to be borne out in part at least by the latest censored dispatches from the front. All the generals of superior rank to Kitchener are being sent home and he is to have supreme command. The newspaper correspondents are also being forced out. Wherever the man of the family is away it is said the Boer homes are razed, crops destroyed and women and children driven into the nearest town selected for reconcentration. These drastic measures will, it is asserted, become even more so when Kitchener, "the man without a heart," secures full swing.

Policy Already Attacked.

This policy is already attacked by some London papers. The Leader this morning says: "It will be no worse perhaps than what is happening now. There will be simply more and yet more of the wrong and inhumanity that mark our present conduct. We shall go on burning farms for no other reason than because the men are away on command or because De Wet, unknown to their tenants, has blown up a railway bridge in the neighborhood. Our papers will still record day after day that General X has returned with so many thousand head of cattle and so many dozen Boer families. We shall know this means that the little wealth and means of subsistence of these families are gone forever, and while they, women though they are, sit thinking of their ruin in camp or prison, guarded by an English sentry, we are not merely destroying wealth, but we are making life impossible in future for thousands of our fellow-subjects, and are in the meantime filling the hearts of mothers with shame that will turn to bitter courage in their sons."

Stead's Bitter Letter.

W. T. Stead, in a letter to the Times this morning, also handles the subject without gloves. He says: "Whatever the differences of opinion may be of the results following the burning of homesteads, the turning out of defenseless women and children, foodless, upon the veldt, in close proximity to the military camps and Kafir kraals, and there can be no question of the fact that this is done, and done systematically, in cases where there is no allegation of treachery, as part of a settled policy deliberately ordered by Lord Roberts and General Kitchener."

How Mothers may Help their Daughters into Womanhood

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When the young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

The following letters from Miss Good are practical proof of Mrs. Pinkham's efficient advice to young women.

Miss Good asks Mrs. Pinkham for Help.

June 12th, 1899.
"DEAR MRS. PINKHAM:—I have been very much bothered for some time with my monthly periods being irregular. I will tell you all about it, and put myself in your care, for I have heard so much of you. Each month menstruation would become less and less, until it entirely stopped for six months, and now it has stopped again. I have become very nervous and of a very bad color. I am a young girl and have always had to work very hard. I would be very much pleased if you would tell me what to do."—Miss PEARL GOOD, Cor. 29th Avenue and Yesler Way, Seattle, Wash.

The Happy Result.

February 10th, 1900.
"DEAR MRS. PINKHAM:—I cannot praise Lydia E. Pinkham's Vegetable Compound enough. It is just simply wonderful the change your medicine has made in me. I feel like another person. My work is now a pleasure to me, while before using your medicine it was a burden. To-day I am a healthy and happy girl. I think if more women would use your Vegetable Compound there would be less suffering in the world. I cannot express the relief I have experienced by using Lydia E. Pinkham's Vegetable Compound."—Miss PEARL GOOD, Cor. 29th Avenue and Yesler Way, Seattle, Wash.

That the difference in price of ready made clothing and our tailor-made made clothing isn't as great as the difference in the clothes themselves.

The Difference In the Fit, The Making and the Wear?

You can see it across the street. If you like style, individuality and wear in clothes, you will like our kind, for that's the kind we make. For a moderate sum we will make you a business suit that is different from any business suit you will see on the street. We guarantee a fit. Don't forget that

ELATED OVER THEIR VICTORY IN CHICAGO

TRUNCING STAGG'S MEN GOT WHAT THEY DESERVED

Not a Single Player of Maroon Team Held His Own Against His Cardinal Opponent — It Was a Relentless Slaughter — No Game Will Be Played with Evanston.

Madison, Wis., Nov. 20.—The last of the Wisconsin rooters returned from Chicago last night and early this morning. All who saw Wisconsin trounce Chicago last Saturday are congratulating themselves because they went and those who could not go are cursing the necessity that kept them at home.

By droubng the Maroons to the tune of 39 to 0, the Badger team wiped out the two defeats they had sustained at the hands of the Midway kickers. Those who are mathematically inclined are figuring that our loss of last year's game is doubly retrieved. After subtracting Chicago's five points from Wisconsin's total of 39, there remains 34, twice the 17 points piled up by Captain Stagg's team at Camp Randall a year ago.

A Relentless Slaughter.
Saturday's game was a relentless slaughter. Chicago was fearful of defeat from the beginning, but never dreamed of being overwhelmed by the odds which the score board showed at the final call of time. Not a single player of the Maroon team held his own against his Cardinal antagonist, unless that consolation be accorded Captain Speed at the center position. On both sides of the Chicago captain the guards, Flannagan and Carey, were tossed about at will by Lerum and Rordan.

At the tackle positions Captain Chamberlain and Artie Curtis opened up holes in the Midway line wide enough to drive through with a Wisconsin tally-ho. The Badger back field proved to be held by giants in brain and brawn. Cochems and Larson made five and ten yard runs until they became monotonous.

No Northwestern Game.
Quarter-back Trat made up in head work what his 135 pounds lacked in avoidupolis. Driver, who has worn his head to baldness by line bucking, caused the spectators to observe that he must have been descended from the pile driver.

The Northwestern game which was looked upon as practically certain for next Saturday, will not be played. The decisive defeat of Northwestern Saturday by Minnesota and the superiority of Wisconsin over Chicago showed the Evanstonians how futile would be a game with the Badgers. Various rumors are afloat regarding a possible change of the Illinois game to next Saturday and of a big game in Milwaukee on Thanksgiving day, but no definite announcement has as yet been made.

Y. M. C. A. Convention.
Secretary Phelps of the University Christian association has announced that probably student members will attend the state convention soon to be held at Janesville. Large posters containing pictures of the beautiful Janesville association building and of the Janesville association band and glee club have been posted on the bulletin boards.

The work of the student association is being pushed with great earnestness this year and the organization is looked upon as the most useful and popular student society in the university.
